ARTSEM MUKHA

JUNIOR+/MIDDLE FRONTEND DEVELOPER

ABOUT

I'm a JavaScript developer.

I like to create something new through a code and to experiment until finding the solution that works. Doing so I focus on the results while enjoying the process.

I have an experience at work in the shortest time, without the possibility of making mistakes and delivering high quality product.

English level is A2 and I am studying with a teacher.

WORK EXPERIENCE

FRONTEND DEVELOPER

Zeta Solutions LLC | Aug 2021 - currently (11 mos)

Project: Tiki Top (in development).

Stack: Next.js, TS, MobX, React-query, Formik, module.css, variable.css.

Almost everything has been rewritten, styles and modal windows have been optimized, so pages load faster, and the code has become more readable.

- Support of the old functionality and creation of a new one,
- Destructuring and creating shared components,
- Search for different solutions for the same task,
- Creating business logic on a project,
- Control over all stages of prototype development,
- Discussion of UX issues on the project.

DESIGN ENGINEER

KIDMA tech | Feb 2017 - July 2021 (4 yrs 6 mos)

- Requirements analysis and discussion
- Work scope estimation
- Project planning, using Trello and Bitrix.
- Construction of optoelectronic equipment, whole products and its parts, using SolidWorks, AutoCAD
- Creation of design and operational documentation for the product
- Control over all stages of prototype development
- Coordination of product development processes with different structures at different times.

EDUCATION

ONLINE COURSE "FRONT-END ENGINEERING"

Wargaming Forge | 2021 - 2021 ([certificate](#))

INTENSIVE ENGLISH COURSE "FOCUS ON ACCURACY"

International House | 2021 - 2021

ONLINE COURSE "REACT DEVELOPER"

SENLA - Software Engineering Laboratory | 2021 - 2020

MASTER'S DEGREE, MAJOR IN COMPUTER DESIGN

Belarusian State University of Informatics and Radioelectronics | 2017 - 2019

BACHELOR'S DEGREE, MAJOR IN COMPUTER DESIGN

Belarusian State University of Informatics and Radioelectronics | 2013 - 2017
